1. Document Index

1.1 Introduction

1. The purpose of this document is to provide the Marine Management Organisation and North Devon Council with a list of the supplementary documents that are being provided for additional statutory and public consultation. It also lists the existing documents provided as part of the onshore and offshore applications for the White Cross Offshore Windfarm and identifies which documents have been updated.

2. Onshore Application Document Index

2. **Table 2.1** lists the Documents provided as part of the Town and Country Planning Act Application submitted in August 2023, majority of these documents are not being updated.

4. Further Environmental Information Document Index

5. **Table 4.1** lists the Documents being submitted as part of ES Addendum Report in 2024 to address comments received from statutory consultees, either providing clarification and sign-posting or further environmental information. All documents will be submitted as appendices or annexes to the ES Addendum Report.

Table 4.1 Further Environmental Information Document Index

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
WHX001-FLO-CON-ENV-RPT-0003	1	Environmental Statement Addendum Report	Further Environmental Information	<p>Overarching Environmental Statement Addendum covering offshore and onshore.</p> <p>Includes a response to all comments received from statutory consultees, more detailed responses are provided within a technical note/appendix.</p> <p>Results of surveys completed post-submission included as appendices.</p> <p>Updated reports addressing comments received during statutory consultation included as appendices.</p>	Both
	Appendix A	Response to Natural England	Clarification and Sign-posting	Detailed response to comments from Natural England, including sign-posting to where further information or clarifications are provided within the ES Addendum.	Both
	Appendix A Annex 1	Bathymetry and Seabed Features	Figure	New figures to provide clarifications in response to comments received during statutory consultation.	Offshore

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
	Appendix A Annex 2	Hydrogeology Technical Note	Further Environmental Information	Technical note to provide clarifications in response to comments received during statutory consultation.	
	Appendix A Annex 3	Notable Plant Species (Including Petalwort Locations)	Figure	New figures to provide clarifications in response to comments received during statutory consultation.	Both
	Appendix A Annex 4	High Tide Roost Locations	Figure		Both
	Appendix A Annex 5	Chapter 20 Figures Omitted in Error from Offshore Project ES	Figure		Both
	Appendix A Annex 6	Onshore Designated Sites and Main Environmental Constraints	Figure		Onshore
	Appendix A Annex 7	National Vegetation Classification at Saunton Sands	Figure		Onshore
	Appendix A Annex 8	Southwest England Ornithological and	Figure		Offshore

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
		Marine Mammal Aerial Survey Results			
	Appendix A Annex 9	Designated Sites	Figure		Both
	Appendix B	Responses to MMO & Cefas	Further Environmental Information	Detailed response to comments from MMO & Cefas, including sign-posting to where further information or clarifications are provided within the ES Addendum.	Both
	Appendix B Annex 1	Meeting Minutes	Meeting Notes	Minutes from selected consultee meetings to provide clarification and context to comment responses.	Both
	Appendix B Annex 2	Figures Showing Fish and Shellfish Impact Range	Figure	New figures to provide clarifications in response to comments received during statutory consultation.	Offshore
	Appendix B Annex 3	Taw Crossing	Figure		Both
	Appendix B Annex 4	Noise Modelling Report Correction	Clarifications	Table provided including the proposed correction.	Offshore
	Appendix C	Response to Environment Agency	Clarification and Sign-posting	Detailed response to comments from the Environment Agency, including sign-posting to where further information or clarifications are provided within the ES Addendum.	Both

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
	Appendix C Annex 1	Flood Risk Clarification Note	Clarification and Sign-posting	Note to provide clarifications in response to comments received during statutory consultation.	Both
	Appendix D	Flood Risk Assessment	Clarification and Sign-posting	Updated report addressing comments received during statutory consultation.	Both
	Appendix E	Outline Drainage Strategy	Further Environmental Information	Updated drainage strategy addressing comments received during statutory consultation.	Onshore
	Appendix F	Coastal Geomorphology Technical Note	Clarification and Sign-posting	Technical note to provide clarifications in response to comments received during statutory consultation.	Both
	Appendix G	Hydrogeological Risk Assessment	Further Environmental Information	New report addressing comments received during statutory consultation.	Both
	Appendix H	Supplementary Bat Activity Survey Report (Saunton Road)	Further Environmental Information	Updated report incorporating results of survey completed post-submission, to include surveys completed in April and May 2024.	Onshore
	Appendix I	Approach to Bat Mitigation	Further Environmental Information	New report addressing comments received during statutory consultation.	Onshore
	Appendix J	Wintering Bird Survey Report	Further Environmental Information	New report incorporating results of survey completed post-submission.	Both

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
		(Braunton Marsh and River Taw)			
	Appendix K	Approach to Lapwing Mitigation	Further Environmental Information	New report addressing comments received during statutory consultation.	Both
	Appendix L	Petalwort Desk-Based Assessment and Survey Report	Further Environmental Information	New report incorporating results of survey completed post-submission.	Both
	Appendix M	Archaeological Trial Trenching Report	Further Environmental Information	New report incorporating results of survey completed post-submission.	Onshore
	Appendix N	Outline Landscape and Ecological Management Plan	Further Environmental Information	New report addressing comments received during statutory consultation.	Onshore
	Appendix O	Lighting Impact Assessment	Further Environmental Information	Updated report addressing comments received during statutory consultation. Includes assessment of impacts during construction.	Onshore
WHX001-FLO-CON-ENV-REG-0001	Appendix P	Mitigation Register	Register	Updated document capturing all the project mitigation commitments set out within the Onshore and Offshore ES' and the ES Addendum.	Both
WHX001-FLO-CON-	Appendix Q	Ornithology Assessment	Further Environmental Information	New report addressing comments received during statutory consultation.	Offshore

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
ENV-RPT-0003	Appendix Q Annex 1	Population Viability Analysis	Further Environmental Information	New report addressing comments received during statutory consultation.	Offshore
	Appendix Q Annex 2	Updates to Habitats Regulations Assessments for Gannet Excluding Apportionment Accounting for Sabbatical Rates	Further Environmental Information	Updated report addressing comments received during statutory consultation.	Offshore
	Appendix Q Annex 3	Cumulative and In-combination Gap Analysis	Further Environmental Information	New report addressing comments received during statutory consultation.	Offshore
WHX001-FLO-CON-ENV-RPT-0002	Appendix R	Agricultural Land Classification Soil Survey	Further Environmental Information	New report incorporating results of survey completed post-submission.	Onshore
WHX001-FLO-CON-ENV-RPT-0003	Appendix S	Hydrofracture Report	Further Environmental Information	Updated report incorporating results of onshore ground investigation.	Both
	Appendix T	Onshore Ground Investigation Interpretative Report	Further Environmental Information	Interpretative report to include summary of desk study and ground investigations, ground model for each crossing/sub-length of route, and a preliminary engineering assessment for each crossing.	Both

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
	Appendix T Annex 1	Onshore Ground Investigation Factual Report	Further Environmental Information	Factual report detailing results of onshore ground investigations undertaken post-submission.	Both
WHX001-FLO-CON-DES-ASS-0001	Appendix U	Updated Cable Burial Risk Assessment	Further Environmental Information	Updated report using project-specific and existing geotechnical data to understand seabed characteristics.	Offshore
WHX001-FLO-CON-ENV-RPT-0003	Appendix V	Updated Draft Marine Mammal Mitigation Protocol	Further Environmental Information	Updated report addressing comments received during statutory consultation.	Offshore
	Appendix W	Geoarchaeological Monitoring of Ground Investigation (GI) Works	Further Environmental Information	New report detailing results of intrusive ground investigation works.	Onshore
	Appendix X	Planning Policy Clarifications Note	Clarification and Sign-posting	Note to provide planning policy clarifications in response to comments received during statutory consultation.	Both
	Appendix Y	Outline Cable Landfall Plan	Further Environmental Information	New plan providing further information following comments received during statutory consultation.	Both
WHX001-FLO-CON-ENV-RPT-0004	Appendix Z	Onshore Cable Route Assessment Summary	Further Environmental Information	New document summarising onshore cable route assessment process for all potential routes considered.	Onshore

Document Reference Number	Reference	Document Name	Type	Description	Onshore / Offshore / Both applications
WHX001-FLO-CON-ENV-RPT-0003	Appendix AA	Greater Crested Newt Survey Report	Further Environmental Information	Report incorporating supplementary results of survey completed post-submission.	Onshore
	Appendix AB	Response to the RSPB (Offshore)	Further Environmental Information	Detailed response to comments from the RSPB on the Offshore Application, including sign-posting to where further information or clarifications are provided within the ES Addendum.	Offshore

6. **Table 4.2** lists the new and updated offshore/intertidal management plans being provided as part of ES Addendum Report in 2024. These plans will be submitted as standalone documents, as requested by Natural England. Some plans to form appendices or annexes to overarching Project Environmental Management & Monitoring Plan

Table 4.2 Management Plans Document Index

Document Reference Number	Document	Type	Description	Document related to Onshore / Offshore / both applications
WHX001-FLO-CON-ENV-PLN-0011	Outline Decommissioning Plan	Further Environmental Information	Standalone document providing information on decommissioning following comments received during statutory consultation.	Both
WHX001-FLO-CON-ENV-PLN-0010	Outline Construction Environmental Management Plan (CEMP)		Overarching Outline CEMP. Standalone document produced following comments received during statutory consultation.	Both

Document Reference Number	Document	Type	Description	Document related to Onshore / Offshore / both applications
	Waste Audit Statement		Appendix to the OCEMP. Produced following comments received during statutory consultation.	Onshore
WHX001-FLO-CON-ENV-PLN-0007	Outline Cable Specification and Installation Plan		Standalone document produced following comments received during statutory consultation.	Offshore
WHX001-FLO-CON-ENV-PLN-0012)	Outline Bentonite Management Plan			Both
WHX001-FLO-CON-ENV-RSA-0001	Draft Chemical Risk Assessment			Offshore
